Rotary Hears Of Work On Nation's Army

Members of the Statesboro Rotary Club received a first hand report on some of the things going on behind the scenes in the vast picture of national preparedness.

First Lieutenant John Mooney of the Ninth Medical Battalion at Fort Bragg, North Carolina and Captain Hugh F. Arundel, Veterinarian stationed at Camp Beauregard, La., in charge of all camps in the Alexandria, Louisiana, area, and both Rotarians, told the Statesboro club some of their experiences since they have been on active duty with the United States Army.

Lieutenant Mooney told of the rigid training the men attached to his division must go through before they reach the degree of proficiency demanded by army officials. He described the new equipment being used and conditions under which he and his men must work. In no uncertain terms, Lieutenant Mooney stated that "Uncle Sam means business" in his national defense program.

Captain Arundel explained that the Army is exceedingly careful of the food it buys for its soldiers. He stated that the 10,057 men with whom he is working uses 9,000 pounds of butter per week or one pound and 12 ounces of butter per man per week. He added that on Thanksgiving they used 24,000 pounds of turkey; 800 gallons of milk are delivered daily at the camp from a dairy in Texas, 350 miles away. More than 400 cases of eggs are used every two weeks.

Thad Morris was in charge of the program.

Captain Arundel and Lieutenant Mooney both returned to their camps Monday of this week.

During the Winter Term there is usually a drop off in enrollment but President Marvin S. Pittman was optimistic today concerning the new term enrollment and the drop off is not expected to be as great as in the past years.

County Puts \$50 Tax On 'Jook Organs

It will take a lot of nickels to make a "jook organ" profitable in Bulloch county during 1941.

One of the County Board of Commissioners' first acts after being sworn in by Ordinary J. E. McCroan Tuesday was to place a \$50 tax on all dance halls in the county outside the incorporate limits of Statesboro. In addition to the county tax there is a state tax of \$100.

Mr. Fred W. Hodges, chairman of the county commissioners states that every person operating a place where there is a "jook organ" in notified that in order to continue operating it will be necessary that they pay this county tax.

It is understood that many of these music boxes are being operated in homes at which people congregate oftentimes creating disturbances.

Mr. Hodges stated that the county has issued liquor and beer licenses to McCormick's place near Brooklet, Lem's, Strick's, Nathan Foss, Paul Johnson and F. M. Scott.

Bulloch Is Alloted 36,351 Acres Cotton; 3,175 Acres Tobacco

Bulloch county farmers have been allotted 36,351 acres of cotton, 3,175 acres of tobacco and 437 acres of commercial vegetables for 1940, but there is only one wheat allotment in the county.

Bulloch's tobacco allotment will be increased 15.8 acres this year over 1940. When the farmers voted in control on tobacco it was understood that

there would be no increase of reduction in acreage. The fifteen acres, however, were given to the county to be distributed over the county. The cotton acreage is slightly less than 1940 with 36,818 acres in 1940 and 36,351 acres this year. There are few commercial vegetable allotments in the county. The 1941 peanut allotment has not been received.

Only one man in the county signed up for a wheat allotment. John H. Brannen, a master farmer, is allotted eleven acres of wheat. He stated that he had not bought any flour for his own use in thirty-six years. Other farmers plant wheat, but for their own use only, and not for the sale of flour.

This Week's Sentence Sermon

Human life has not a surer friend, nor oftentimes a greater enemy than hope. It is the miserable man's god, which in the hardest gripe of calamity never fails to yield to him beams of comfort. It is the presumptuous man's devil, which leads him a while in a smooth way, and then suddenly breaks his neck.—Owen Feltham.

Lead Us Safely and Surely

1941 finds many changes in our county court house with new personalities assuming new duties. Two old offices have been abolished—the office of the tax collector and the office of the tax receiver have been consolidated into a tax commissioner's office. And the old fee system has given away to a salary for the clerk of the courts with the new clerk to account to the county commissioners for all fees.

O. Lester Brannen will succeed Frank Williams in the clerk's office.

J. L. Zetterover will become the new tax commissioner to succeed John P. Lee, tax receiver, and Mrs. W. W. DeLoach, tax collector.

Earl McElveen succeeds H. P. Womack as county school superintendent.

Oscar Wynn succeeds George P. Lee as member of the board of county commissioners.

Judge J. T. Evans succeeds Judge William Woodrum as judge of the Superior Courts of the Ogeechee circuit.

Fred T. Lanier succeeds W. G. Neville as solicitor of the Superior Courts of the Ogeechee Circuit.

Dr. D. L. Deal succeeds Darwin Franklin as member of the Georgia General Assembly from Bulloch county.

Judge J. E. McCroan, Ordinary; Lowell Mallard, Sheriff; Fred Hodges, Chairman County Commissioners; Harry S. Alken, Bulloch's Representative in the Georgia General Assembly; all succeed themselves.

There can be no doubt that we are entering into one of history's most momentous years—1941. Every new officer must realize that the responsibility of Bulloch county rests in their leadership during the next several years.

Bulloch county is in need of wise leadership—of sane and intelligent administration. Its citizens are looking with hope in their hearts to its new officers to furnish that leadership. With their places assured they should forget politics altogether and devote their every energy towards the successful operation of the county government.

So our wish for the New Year is that God grant those in whom we have trusted ourselves the strength and wisdom to lead us through this year safely and sanely.

Give Them A Market

Again a voice is raised in Bulloch county pleading the cause of our farmers.

Monday at the Rotary Club, J. W. Rucker, a guest of the club, rose to his feet and asked the purpose of the Rotary Club and challenged the business men of Statesboro to do something to co-operate with and help the people upon whom they must depend for their property—the farmers.

Mr. Rucker is voicing the crying need of the farmers in our county. We boast of Bulloch's place in the state of Georgia. We are given credit for being one of the best. If not the best, county in the state. We put programs on the radio, and columns appear in the big daily newspapers extolling the desirabilities of Bulloch county. But we forget to mention—rather we neglect to mention that we do not have a Farmer's Market here, where the farmers of our county can be assured of a steady, year-round market for the things they grow and upon which they must depend on for a living.

It should be written in the book that during the year 1941 our farmers should be given an adequate marketing place.

Let Them Work Unhindered

The Department of Public Safety of the State of Georgia has just released a consolidated report of accident causes, the ways they could have been prevented, and some of the activities of the Department of Safety in the first thirty-six months

Editor's Uneasy Chair

THE ALMANAC SAYS THE WEATHER THIS WEEK ON THURSDAY, JANUARY 2, will be clear and cold. FRIDAY, JANUARY 3, will be generally clear and cold. SATURDAY, JANUARY 4, will be rainy. SUNDAY, JANUARY 5, will be rainy and possibly snow. MONDAY, JANUARY 6, will be clear and cold. TUESDAY, JANUARY 7, will be rainy.

BUT DON'T BLAME US IF THE ALMANAC IS WRONG. Well the editors of the Bulloch Herald and Homer Parker made one kid happy for Christmas.

Mr. and Mrs. Colman Akins, son of Mr. and Mrs. Colman Akins of Register was the winner of the goat which we gave away from Homer on Christmas Eve afternoon.

It was wonderful to see—nearly 200 kids gathered out in front of our office, in spite of the rain. "Curly" the goat, was hitched to the wagon patiently waiting to go home with his new owner. We presented Homer to the crowd who then presented Mayor R. L. Cone who selected a tiny girl from the crowd and had her reach her hand in the box and pull out a name.

And that name was James Franklin Akins, 3 year old son of Mr. Colman Akins. He was the third to the last boy to register. He was so excited that he could hardly stand it. More than 300 kids between the ages of 2 and 10 registered. We are already making plans to make more than one kid happy next year.

Christmas is over, but the turkey hash is still good. We had the best Christmas we have ever had. Santa Claus was very good to all of us. We always hate to see the holidays end. It leaves us with a let-down feeling—but all good

"So he put an advertisement in the county newspaper. It was addressed 'To my friends and patients', and it said in part:

"I must go to the hospital and, therefore, will be unable to work during the next few weeks. I hope, however, to resume practice and serve you later in the winter.

"I have always been as considerate as I knew how to be. I have tried to share your hardships with you. In order to show you that consideration, I have had to borrow money year after year to pay for the medicine used by you.

"This fall, I have no collateral on which to borrow, and unless you manage somehow to pay me, I see no chance to settle my accounts with the drug companies so that they will sell to me again next year. In addition to those bills, my hospital expenses will be heavy—as those of you who have been to a hospital already know.

"As my friends won't you please pay me something right away! Any member of my family will give you a receipt and credit your account as I would do if I could be at home."

"Adequate medical service is one of the great problems of the rural South. In one South Carolina county there are seven physicians to serve a population of 23,000. In many Georgia counties the figures are almost as startling.

"But is it any wonder?" concludes the Atlanta Journal.

Here in Bulloch county we have insurance for health if we would become smart enough to realize it. The Bulloch County Hospital Service Association. For a small annual fee one may secure hospitalization for one's entire family. And the money which you save in hospitalization would enable you to meet your doctor's bills—and assure us of our Country Doctor to whom we look in our illnesses.

Greetings /

Letters To The Editor

Register, Georgia
December 30, 1940.

The Bulloch Herald, Statesboro, Georgia.
Dear Editor:

This is to say "thank you" for the coveted gift I was so fortunate to win Christmas eve.

The goat is so fine and pretty and the wagon is the loveliest I have ever seen. I want to assure you that I shall take good care of both, feeding "Curly" the best food obtainable and keeping him well groomed at all times.

"Curly" does eat like most goats, he likes bread, potatoes, cake, candies and fruits of any kind. I never forget Curly. When I finish my writing I'll go out calling "Curly" and he comes running. I'll hold the food in my hand for him to eat. He seems to enjoy it. He has already learned my voice.

You have helped to make this for me the most Christmas any child could have. I have already learned to love "Curly" and I know that we shall have many good times together.

Please extend to Mr. Homer C. Parker my sincere thanks for his part in making me so extremely happy.

I trust that 1941 will be most pleasant and prosperous for all of you.

Sincerely,
FRANKLIN AKINS.

ALFRED MERLE DORMAN COMPLIMENTED BY PARENTS AT OPEN HOUSE AND DANCE. The Open House and Dance were given by Mr. and Mrs. Alfred Dorman during the past week for their daughter, Alfred Merle, who is doing graduate work at Northwestern University.

The informal open house on Monday evening assembled congenial couples who have been friends of the Dormans since Alfred Merle was a little girl.

Decorations in the living room, dining room and music room were in the yuletide motif. Refreshments were served in the dining room featuring a silver bowl of syllabub at one end of the table and the silver coffee service at the other. Fruit cake, salted nuts, and crystallized fruits were also

placed on the exquisitely decorated table. About fifty couples called between the hours of 7:30 and 9:30. The Women's Club was the scene of the brilliant dance Friday evening. In addition to the patriotic motif which has been used in the club room during the holidays a huge bouquet of pale pink gladioli arranged in a blue vase was used on the piano. These lovely flowers were sent to Alfred Merle by the Tuesday Bridge Club of which Mrs. Dorman is a member.

The lovely home was on this occasion a frothy and enchanting affair of white net, with the slender midriff, shoulder straps and neckline gracefully trimmed with opalescent sequins. Her shoulder spray was of white carnations and she wore a white flower in her

hair. Adding to the festivity to her costume was the diamond lavalier, a gift from Mr. Dorman to Mrs. Dorman, the first Christmas after their marriage.

After the dance, Mrs. Dorman and Mr. Dorman were joined by Mrs. Dorman and Mr. Dorman. The bride was wearing a black tulle dress, the groom was wearing a white tulle dress. The bride was wearing a black tulle dress, the groom was wearing a white tulle dress.

THE COMMISSION REPORTS ON NATIONAL DEFENSE

INCLUDED in the National Defense Commission's 3,000 word report of September 14, 1940, is the following:

"At present both the Army and the Navy are interested in having private capital construct pipe lines to transport gasoline to the East Coast States without the necessity of the long haul around Florida and up the Atlantic coast, which in time of emergency might be difficult and in any event would require a large convoy service."

"Moreover, in time of emergency it would be possible to take a part of the burden of the gasoline deliveries to the east coast through these gasoline pipe lines and in turn release tankers for the purpose of handling the essential products such as Navy fuel oil which cannot be handled in crude oil or gasoline pipe lines."

"These gasoline pipe lines would also afford exceptionally desirable locations for some of the reserve stocks of aviation gasoline for both the Army and Navy since deliveries can be made at low cost and removal can be effected readily even in time of emergency."

"An initial expenditure of approximately \$13,000,000 is involved in the gasoline pipe lines now under consideration and it would be desirable to have private capital construct similar equipment for emergency use in other parts of the country."

"With respect to marketing terminals the program of the Army and Navy to care for the greatly increased stocks of aviation gasoline and Navy grade fuel oil has not yet been completely formulated."

"The Army plans to locate most of its interior reserve storage facilities would not only be virtually invulnerable but would make it possible to deliver the gasoline to the Army through any of the industry tap points or bulk plants located along the gasoline line or lines to which the Army storage would be connected."

"In addition, the Navy is giving consideration to the location of some of its reserve storage adjacent to or connected with petroleum products pipe lines at existing industry terminals. This would greatly reduce the investment in docks, lines, utilizing facilities and so forth and also minimize the labor required to guard and operate these facilities."

"It is clear that substantial additions to the gasoline pipe line and terminal storage capacity of the industry will be necessary under this program."

While the Southeastern Pipe Line, from Port St. Joe, Florida, to the Tennessee border, was developed as a needed means of improving the transportation service of Georgia, and, as such, was not set up as a defense measure, the tremendous value of its operation to the government's defense program is readily apparent. It is fortunate that the project will mean so much, both to the people of the State and to the Federal Government as well.

According to records in the office of C. E. Layton, city engineer, 69 building permits were issued last year. Permits were issued to build 37 new residence buildings ranging from a cost of \$200 to \$10,000. Of the 37 new homes built, seven were in the \$1,000 to \$2,000 class; seven were in the \$2,000 to \$4,000 class, with one permit issued for \$10,000. Only one permit was issued for new business construction which was for the new Masonic Lodge now being completed on South

Main Street. Another permit was issued for the remodeling of Mr. Lellan's store, the two permits totaling \$18,000. 19 permits amounting to \$5,760 were issued for repairs to existing buildings and 10 permits totaling \$2,775 were issued for additions to existing buildings. Five permits amounting to \$15,375 were issued for apartment buildings. Two permits totaling \$175 were issued for the construction of small out-buildings, including a log cabin. A number of permits were issued in December, 1939, and construction completed in 1940 which are not included in the above figures. Only permits dated during 1940 are included.
